

System 9

Valves

Bulk supplied carbon steel valves with operating temperatures up to 150°C/302°F.

Pre-qualification is not required

Product	DFT (µm)
Hempadur 85671	150
Hempadur 85671	150
Total	300

Product	DFT (µm)
Versiline CUI 56990	200
Versiline CUI 56990	200
Total	400

Note 1: For temperatures above 150°C thermally sprayed aluminium shall be used. This note applies to all of the above systems.

Note 2: An alternative system if agreed with the purchaser may be 1 x 75 µm zinc ethyl silicate and an epoxy tie-coat in accordance with System 1. Final coating shall then be done after insulation. Hempel recommend that this is used for uninsulated items only.

Note 3: Versiline® is a registered trademark of Hempel A/S.

For advice on regional product availability and additional schemes, please contact your local Hempel representative or email protective@hempel.com
